**Proposal Title:** \_\_\_\_\_

**Principal Investigator:** \_\_\_\_\_

**PI Full Email Address:** \_\_\_\_\_

**Co-I and Institution:** \_\_\_\_\_

<b>OBSERVING REQUEST SUMMARY</b>
----------------------------------

**Time Request**

Exposure Time Requested .... (hours):	Total Time Requested .... (hours):
Total Objects Requested .....	Total Visits Requested .....

**Collaborative Proposal** (y/n):

**Instrument(s) Requested (LRS/HRS/MRS):**

**Observing Constraints**

Sky Brightness ..... (D/G/B/N):	Time Critical Observations? (y/n):
Maximum Seeing ..... ("):	Target of Opportunity? .... (y/n):
Sky Transparency ..... (S/P/N):	Synoptic Program? ..... (y/n):
Split Exposure .... (interval in days):	Moving Target? ..... (y/n):
Other Constraints ..... (y/n):	Special Calibrations Needed? (y/n):

**CONTINGENCY PLAN**

Keep it brief.

**EXPERIMENTAL DESIGN**

**DESCRIPTION OF OBSERVATIONS**

### Object Table

Object Name	No. of Objects	$\alpha(2000)$	$\delta(2000)$	Mag. or Log Flux	Filter or $\lambda$ (Å)	Acquisition Method

### Exposure Table

Object Name	Instrument Configuration (use phase II notation with spaces instead of underscores)	S/N	$\lambda$ of S/N ( $\text{\AA}$ )	Exp. Time per visit (minutes)	No. of Visits	Total Minutes	Notes
				0	0	0	

### Observing and Target Notes

**RESULTS FROM  $\frac{H}{E}\Gamma$  OBSERVATIONS IN THE PAST YEAR** Stay within box.

**AUTOMATIC ACCOUNTING SUMMARY**

Total Objects Requested.....	0
Total Visits Requested.....	0
Exposure Time Requested (minutes).....	0
Overhead per Visit (minutes).....	10

<b>GRAND TOTAL TIME REQUEST (minutes):</b>	<b>0</b>

Form version 10/04/2008. Many features borrowed from the KPNO and HST forms; any resemblance to other forms is purely coincidental. Web form and Java applet in preparation (do not hold your breath, though). No graduate students or junior faculty were abused in the process testing this form. All responsibility for anything and everything rests with the proposer(s). There is no good excuse for not following the instructions.
