OBSERVING REQUEST SUMMARY

<u>Time Request</u>	<u>Trim. 1</u>	<u>Trim. 2</u>	<u>Trim. 3</u>	<u>Total</u>
Exposure Time Requested (hours):		2	3	3
Total Time Requested (hours):	1	2	3	3
Total Objects Requested:	1	2	3	3
Total Visits Requested:	1	2	3	3

Collaborative Proposal (y/n):

Instrument(s) Requested (LRS/HRS/MRS):

Observing Constraints

Sky Brightness (D/G/B/N):	Time Critical Observations? (y/n):
Maximum Seeing ("):	Target of Opportunity? . . . (y/n):
Sky Transparency (S/P/N):	Synoptic Program? (y/n):
Split Exposure (interval in days):	Moving Target? (y/n):
Other Constraints (y/n):	Special Calibrations Needed? (y/n):

A large empty rectangular box with a black border, intended for the user to provide scientific justification.

CONTINGENCY PLAN

Keep it brief.

**EXPERIMENTAL DESIGN
AND JUSTIFICATION OF LONG-TERM STATUS REQUEST**

DESCRIPTION OF OBSERVATIONS

Object Table

Object Name	No. of Objects	$\alpha(2000)$	$\delta(2000)$	Mag. or Log Flux	Filter or λ (\AA)	Acquisition Method

Exposure Table

Object Name	Instrument Configuration (use phase II notation with spaces instead of underscores)	S/N	λ of S/N (\AA)	Exp. Time per visit (minutes)	No. of Visits	Total Minutes	Notes

Observing and Target Notes

**RESULTS FROM PREVIOUS $H_E T$ LONG-TERM PROGRAMS
OR $H_E T$ OBSERVATIONS IN THE PAST YEAR**

Stay within box.

AUTOMATIC ACCOUNTING SUMMARY

Total Objects Requested.....:	0
Total Visits Requested.....:	0
Exposure Time Requested (minutes).....:	0
Overhead per Visit (minutes).....:	10

GRAND TOTAL TIME REQUEST (minutes):	0

Form version 10/04/2008. Many features borrowed from the KPNO and HST forms; any resemblance to other forms is purely coincidental. Web form and Java applet in preparation (do not hold your breath, though). No graduate students or junior faculty were abused in the process testing this form. All responsibility for anything and everything rests with the proposer(s). There is no good excuse for not following the instructions.
